Should a University

- Take a formal position on controversial political issues, such as the Vietnam War?
- Give preferential treatment to minority students and faculty?
- Pay local property taxes?
- Boycott companies that use unfair labor practices?
- Buy stock in South African firms?
- Give technical assistance to countries with repressive governments?

Derek Bok
President, Harvard University

"A very thoughtful book. The best discussion I have read on the moral dilemmas involved in the operation of the modern university, and the intense difficulties they pose." —Clark Kerr
